

Advanced Clinical Practitioner (ACP) in Care Homes **Part time, Kendal**

Hours: Part time, 20 hours per week. Job share considered if available.

Salary: £31.00 per hour

Are you an experienced Advanced Clinical Practitioner, passionate about providing excellent care to frail and older adults in care homes? Do you hold prescriber qualifications and thrive in a collaborative team setting? If so, we would love to hear from you.

The role: Based with the James Cochrane Practice you will work closely with lead care home clinicians in the practice and Kendal PCN to care for patients in local Care Homes. We are looking for an Advanced Clinical Practitioner to join our team, to help deliver high-quality, person-centred healthcare to residents in care homes across Kendal. Your role supports the care of residents in the care homes aligned to the practice, where your skills and passion for the care of frail and older people will be highly valued.

Key Responsibilities:

- Provide expert clinical care and management of frail and older adults in care homes.
- Utilise prescriber qualifications to ensure optimal medication usage and management.
- Collaborate and work closely with a well-established Care Home multidisciplinary team and our neighbouring GP practices in Kendal to deliver holistic patient care.
- Support and advise patients, families, and carers with your clinical expertise.
- Promote and implement best practices in care of older adults, ensuring high standards of dignity and respect
- Recognition and management of palliative and end of life situations
- Support best practice by working closely with the individual, their carers/family/NOK and communicate well with health and social care teams to ensure we consistently deliver high quality personalised care.

What We Offer:

- A supportive and friendly team environment.
- A fulfilling role making a meaningful impact on the lives of frail and older adults living in care homes.
- Competitive salary and benefits package.
